

EKOMABASI UKANGA

WEB DEVELOPER

PROFESSIONAL SUMMARY

As a talented web developer with a diverse set of technical skills, I am proficient in HTML, CSS, and JavaScript, enabling me to create visually stunning and user-friendly web applications. My experience with Python and SQL allows me to build robust back-end systems and manage large amounts of data efficiently. Additionally, my knowledge of PowerShell enables me to automate tasks and streamline workflows, improving overall productivity. My ability to work collaboratively with other developers, as well as your strong communication skills, make me an asset to any development team. With my technical proficiency and passion for creating innovative and impactful web applications, I am poised to make a significant contribution to any organization.
